

CHOOSE THE BEST

No matter who uses it.

Create and cover anything imaginable...

...all you have to do is simply enjoy it.

QUICK TO INSTALL / PRACTICAL

Optional installation by professional trained installers.

DURABLE / RESILIENT / ECO

Our grass is 100% green by all means: recyclable, resistant to UV radiation and heavy use. Free of fertilisers and pesticides.

ZERO MAINTENANCE / COST-EFFICIENCY

No need to weed, mow or water. Only remove dirt, such as leaves, and brush often.

SAFE FOR KIDS & PETS

Ideal for environments used by children and pets, such as playgrounds, parks, schools, sports facilities and homes (EN71-3 certification by TUV Holland).

PAH certification assures that the product is free of Polycyclic Aromatic Hydrocarbons, is environmentally friendly and prevents the risk of skin irritation, and breathing problems that may be caused due to long term use.
